# 2025 ACADEMIC COUNSELORS CONFERENCE

The Associated Colleges of the St. Lawrence Valley, invites a group of counselors to visit our campuses for two days, spending time with our students, faculty, admission's staff and with each other. Through these visits, counselors gain a clear idea of the very distinct personality of each member college and see how our consortium serves each college community and forms a larger shared community. This collaboration is designed to enhance educational experiences while retaining the best of the member's individual traditions.
